Dear Sir,

SPECIAL RESERVE CONSTABULARY ACTIVITIES:
WARD 7, GREENDALE.

Organisational planning for the Greendale Area has now reached an advanced stage and it is thought that you may like to have some preliminary information. This letter also asks for your co-operation and help before and during any emergency.

Greendale has been divided, for better coverage, into seven Wards, of which yours is No. 7, bounded by North Road, Court Road, Areturus Road and Kent Road, forming a rough triangle occupied by over 150 residences.

If an emergency is declared in Salisbury, Ward Headquarters will be the Kamfinsa Park Hotel (opposite Greendale Shopping Centre), 'Phone Nos. 45853 and 45876 - to which point disturbances should be reported, by telephone, if no Constabulary patrol happens to be nearby.

The Special Constables responsible for your Ward will consist of a Warden, a Deputy Warden, and several Sections, each under a Section Leader, which will patrol pre-arranged zones when need arises. Except for the Warden and his Deputy, all Special Constables will normally patrol zones in the neighbourhood of their own homes. The extent of each "beat" must depend on the numerical strength of our Ward 7 force, which is at present minimal.

Mock exercises will be held from time to time to enable Constables to become thoroughly acquainted with the "terrain" and the residences in their zones, and in your own interest and protection we hope you will permit them to enter your grounds for this purpose. They will be identifiable by their inscribed white armbands "Special Police", and will cause a minimum of inconvenience.

Before the first practice it would be advantageous if the Section Leader for your zone could call on you to provide you with other confidential information, but in the meantime it will be of great help to the Wardmaster if you will fill in and return the attached schedule, for which a ready addressed envelope is enclosed.
